Meet our new adviser, [Sadruddin \(Sunny\) Junejo](#). Sunny is currently a software engineer at Pragmateam, a consultancy based in Sydney. He has over seven years of professional experience in a variety of industries, including finance, oil & gas, pharmaceuticals and media. In the past, Sunny has functioned as a QA tester, mobile engineer, frontend engineer, backend engineer, cloud architect and even a Scrum Master, making him very much a jack-of-all-trades. After moving to Sydney from the UK in January 2022, Sunny realised the value of career advice from more experienced developers. As a result, he sought out Code.Sydney as a means to give back to the community, especially to help budding software engineers land their first role. To that end, Sunny is always available for questions and advice, both technical and non-technical, on the Code.Sydney Slack and in the regular Sunday meetups.
